

BIODEX SAFETY LLC COMPANY OVERVIEW

Responsive Industrial Supply for Construction, Energy, Maintenance and Field Operations

Biodex Safety LLC helps purchasing and operations teams source the products required to keep crews working, facilities supported and projects moving. The company combines practical product sourcing with controlled quotations, customer-specific commercial rules and dependable follow-through.

PPE & Workforce Protection

Gloves, head/eye/face protection, hearing and respiratory protection, fall protection, FR and high-visibility workwear, footwear, first aid and heat-stress support.

Welding & Fabrication Support

Welding helmets and lenses, welding gloves and apparel, shop safety accessories, selected welding consumables and related fabrication support items as available.

MRO, Shop & Warehouse Supply

Recurring consumables, tools and accessories, material-handling support items, storage and identification products, replenishment programs and hard-to-find industrial items.

Construction & Jobsite Consumables

Cutting and grinding wheels, abrasives, tapes, marking products, batteries, flashlights, barricade and traffic products, labels, tags and daily-use project consumables.

Facility, Environmental & Spill Control

Sorbents, spill-response products, safety cans and cabinets, signage, matting, cleanup products, lighting, facility-safety and maintenance consumables.

Project & Field Supply Coordination

Mobilization lists, multi-category quote consolidation, approved alternatives, availability and lead-time checks, fulfillment tracking and delivery documentation.

SIMPLE REQUEST-TO-DELIVERY WORKFLOW

1. Send item numbers, quantities, screenshots, photos, specifications, descriptions or an existing item list.
2. Biodex confirms the request, sourcing path, availability, lead time and any approved options.
3. Biodex returns a clear customer quote with product and commercial details.
4. After approval, Biodex coordinates ordering, acknowledgments, shipment tracking and delivery documentation.
5. Invoices are prepared to the customer's PO, tax, freight and submission requirements.

WHY CUSTOMERS USE BIODEX

- Responsive quote support without requiring a perfect item list.
- Multi-category sourcing for PPE, consumables, MRO and jobsite requirements.

BIODEX SAFETY LLC

Industrial Safety | Construction Consumables | MRO | Jobsite Supply
